Chemistry Lab

Last Updated: 14 April 2018

Chemistry Laboratory

Modules taught in the lab

- General and inorganic chemistry (Faculty of Medical Engineering - first year). .1
- Biochemistry (Faculty of Medical Engineering - third year). .2

Lab Equipment

- Spectrophotometer .1
- Electric centrifuge .2
- Water bath .3
- Electric heater .4
- Water distillation unit .5
- Thermal incubator .6
- Sensitive weighing scale .7
- pH metre .8
- Standard pipettes of various sizes .9
- Lab glassware .10
