SUMMARY

With experience in using the devices: UV-Vis Spectroscopy, Atomic absorption spectroscopy) I can work at laboratories and practice on new devices, and learn more about research methods.

SKILLS

- Languages (En – AR)
- Computer Skills (ICDL)

EDUCATION

BACHELOR OF CHEMISTRY, DEPARTMENT OF PURE CHEMISTRY
FACULTY OF SCIENCE, UNIVERSITY OF LATTAKIA- 2019-2020

GENERAL AVERAGE :73.9%

MASTER'S DEGREE IN ENVIRONMENTAL CHEMISTRY
HIGHER INSTITUTE FOR ENVIRONMENTAL RESEARCH, UNIVERSITY OF LATTAKIA 2022 - 2023
GENERAL AVERAGE: 81.7 %

Accomplishments

Achievements:

- Publishing an external article in the International Journal of Scientific Research in Chemical Sciences entitled (**Contribute to the Removal of Mg^{2+} From the Brine Produced by Reverse Osmosis Units Using Na_3PO_4**).

- Published an article in Arabic in University of Homs Journal for Research and Scientific Studies - Basic Sciences Series entitled (**Contribution to the removal of calcium ions from the output water (brine) resulting from the reverse osmosis units in the General Company for Generating Baniyas using trisodium phosphate**).
- Master's thesis entitled (**Primary pre-treatment of output water in reverse osmosis units using Tri-Sodium Phosphate in the General Company for Generation Banias**).

EXPERIENCES

- 4 years of experience teaching practical department courses for industrial, general, analytical and organic chemistry.
- One year of experience teaching Pharmacology and Biochemistry courses at Al-Andalus Private University for Medical Sciences.
- One year of experience working as a laboratory technician in laboratories at Al-Andalus Private University for Medical Sciences.
- One year of practical experience in the laboratories of the Chemistry Department at the Higher Institute for Environmental Research (classical calibrations, use of devices: UV spectroscopy, atomic absorption spectroscopy,).
- Certificate of experience in the field of basics of chemical work in food factories.
